Linzhou Public Service Railway
Equipment Manufacturing Co., Ltd

公司简介 COMPANY INTRODUCTION

不断完善，为客户创造更大价值
continuous improvement,
create more value for customers

Linzhou Public Service Railway Equipment Manufacturing Co., Ltd (LT Rail Fastener) , a professional rail fastener manufacturer over 45 years since 1976 years. we have become the major rail fastener supplier for the large railways production in China. LT rail fastener intergrates customized, design, producion and transportation for rail fastening systems.

We have more than 50 kinds of rail fasteners, including W14 rail fastener/KPO rail fastener/E-clip fastening system/FC fastening system/Tram fastening system and other GB Standard rail fastening system. rail clips, bolts, screws, tie plate, shoulders, dowel, under rail pad etc.

- *Advanced test equipment and Automatic assembly line equipment
- *8 High qualified QC and more than 10 advanced technical personnel
- *More than 200 experienced workers
- *CRCC and ISO Certification we have achieved
- *Good quality and reasonable price

We mainly sell to Europe, East South Asia, Middle East, Africa, UK, North America and South America、Mexico, Brazil and other place. Welcome to visit our factory and hope through our efforts we can build more safe railroad.

The image displays a collection of certification certificates for Linzhou Public Service Railway Equipment Manufacturing Co., Ltd. (Linzhou Gongshu Railway Equipment Manufacturing Co., Ltd.). The certificates are issued by various international and national certification bodies, including IAF, CNAS, and CQM.

ISO 9001:2015 Certificate: Issued by IAF and CNAS, covering the Quality Management System (GB/T 19001-2016/ISO 9001:2015). The scope includes the production of railway track fittings (steel pad, embedded iron unit, fishplate, plate, gauge to railway coupler, spring bar, coupler system) and public works equipment and relevant management activities.

ISO 14001:2015 Certificate: Issued by IAF and CNAS, covering the Environmental Management System (GB/T 24001-2016/ISO 14001:2015). The scope includes the production of railway track fittings (fishplate, embedded iron unit, fishplate, plate, gauge to railway coupler, spring bar, coupler system, fishplate, plate, gauge to railway coupler, spring bar, coupler system).

ISO 45001:2018 Certificate: Issued by IAF and CNAS, covering the Occupational Health and Safety Management System (GB/T 45001-2020/ISO 45001:2018). The scope includes the production of railway track fittings (fishplate, embedded iron unit, fishplate, plate, gauge to railway coupler, spring bar, coupler system, fishplate, plate, gauge to railway coupler, spring bar, coupler system).

Specialized Certifications: Several certificates are issued by CQM, including:

- Quality Management System Certification:** GB/T 19001-2016/ISO 9001:2015.
- Environmental Management System Certification:** GB/T 24001-2016/ISO 14001:2015.
- Occupational Health and Safety Management System Certification:** GB/T 45001-2020/ISO 45001:2018.
- Occupational Health and Safety Management System Certification:** GB/T 45001-2020/ISO 45001:2018.
- Occupational Health and Safety Management System Certification:** GB/T 45001-2020/ISO 45001:2018.

The certificates are signed by the relevant certification bodies and include the company's name, address, and contact information.
